SKILLS

- **Programming:** Javascript, Python, Bash, SQL, Java, C++, C#
- **Front-End:** React, Next.js, HTML/CSS, Tailwind CSS
- **Back-End:** Node.js, Express.js, FastAPI
- **Databases:** PostgreSQL, MongoDB

EXPERIENCE

- **System Developer Intern** July 2024 – October 2024
Majlis Amanah Rakyat Kuala Lumpur, Malaysia
 - Developed a **computer purchase claim application system** for the staff members using Blazor and .NET
 - Successfully adapted to new technologies (C# and .NET) to align with company standards and efficiently deliver a functional application.
 - Led an intern team to archive hundreds of tender files, improving efficiency and quality control through a synchronized workflow.
 - Facilitated hands-on training of the Microsoft Power Platform, building a low-code service request application with automated email notifications to enhance process visibility.

EDUCATION

- **Multimedia University** Cyberjaya, Malaysia
Bachelor of Computer Science (Honours) in Software Engineering Oct 2022 – July 2026
Foundation in Information Tehnology Aug 2021 – Aug 2022

ACTIVITIES

- **AutoPilot Asia Hackathon** July 2026 – August 2026
Finalist APU Bukit Jalil
 - Built a full-stack AI command center that orchestrates an 11-agent workflow.
 - Designed a dual-mode policy engine and human-in-the-loop exception workflow.
 - Engineered a 17-detector insights engine
- **Geco Asia - Break into AI: Hack to Hire Hackathon** Nov 2025 – Dec 2025
2nd runner up TRX KL
 - Engineered a FastAPI and DynamoDB backend turning lagging survey data into real-time burnout and attrition insights.
 - Built an n8n and Gemini 2.0 sentiment pipeline with custom normalization for local Manglish slang.
 - Designed a risk engine surfacing actionable HR interventions across 16,000+ employees.
- **MMU HACK DAY 2025** Aug 2025
1st runner up Multimedia University
 - Built a CGPA tracker in TypeScript and React with real-time, semester-wise GPA monitoring.
 - Implemented weighted 40/60 formative-summative grading with automated academic standing classification.
 - Added What-If calculators for grade projection and risk assessment.
- **CodeNexion 2022 (Competitive Programming)** 13th Nov 2022
Finalist Multimedia University
